

The City of Scottsdale Water Conservation Office is offering rebates to water customers who install water conservation devices in their homes or businesses. The rebates are offered to encourage a permanent reduction in indoor water use.

1. Who Can Apply?

The Plumbing Rebate Program is available to customers whose properties receive water from the City of Scottsdale water system. The applicant must be the property owner or the party legally responsible for paying the water bill. Structures built after January 1, 1992, are not eligible to receive rebates.

2. How Do I Apply?

Mail in the completed application and an original dated sales receipt within one year of purchase for each device installed to:

City of Scottsdale
Plumbing Rebate Program
9312 N. 94th St.
Scottsdale, AZ 85258-5521

3. What Conservation Devices Are Eligible?

- Showerheads that have a flow of 2.75 gallons per minute (gpm) or less
- Toilets that have 1.6-gallons per flush (gpf)

4. How Much of a Rebate Will I Receive?

The rebate for installing a 2.75 gpm showerhead is \$5 per unit. The rebate for installing a 1.6 gpf toilet is \$75.

Single-family properties can receive rebates on two showerheads and two toilets.

Multifamily, commercial or industrial properties can receive rebates up to the total number of showerheads and/or toilets on the property.

5. How Will I Receive the Rebate?

Approved rebates will appear as a credit on your water bill.

6. Who Can Receive Free Aerators?

Single-family properties can receive two aerators.

Multifamily, commercial or industrial properties can receive aerators equal to the number of faucets on the property.

Questions? Call (480) 312-5650

Rebates may not exceed the maximum amount of funds budgeted.
